**Subject:** **\*\*IMPORTANT UPDATE TO GROUPS TERMS & CONDITIONS\*\***

Dear Partner,

Effective immediately, all group bookings can only be made up to 330 days before departure.

This change ensures we have sufficient time to set up flights correctly and helps prevent escalations.

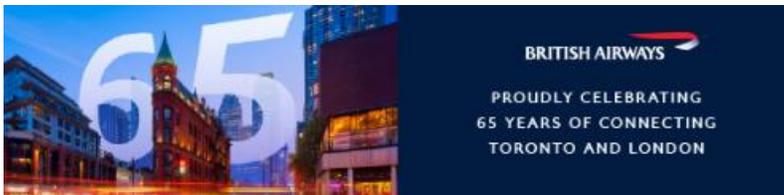

Important details:

- Groups Travel Hub: Agents attempting to book outside the 330- day window will receive an error message.
- GDS bookings: Requests outside this time frame will not be confirmed by the system.

BATPC will be updated to reflect this change, and our Groups teams have been informed.

Thank you,
