TAP AIR PORTUGAL - NEW PREMIUM CABIN

Dear Travel Partner,

TAP Air Portugal is launching a premium cabin in Summer 2026 designed to give our mutual customers an enhanced experience with more space, greater privacy, added benefits and overall improved comfort.

The premium cabin will be available on **long-haul flights only, on the A330 and A321LR fleets, and offers 12 select neighbor-free seats located directly behind Business Class**, arranged in a configuration of 4 seats per row. This layout ensures a more private and comfortable environment for a truly relaxed journey.

As we prepare for the introduction of the new premium cabin this requires adjustments to the Economy cabin as of January 12, 2026.

- 1. The RBDs/booking codes for the premium cabin will be W,S,K, therefore as of January 12, 2026 these will be unavailable for sale in Economy across the entire TAP network for flights departing on and after March 31, 2026.**
- 2. Required actions by Agencies - Any prior bookings in Economy class in RBDs W,S,K with ticketing still pending must be ticketed by January 19, 2026, 6PM (ET).**
- 3. On January 20, 2026, some automatic actions will take place:**
 - o All Economy class bookings confirmed and ticketed in W,S,K will be automatically adjusted to the next applicable Economy class RBD/booking code, and tickets will be revalidated by TAP, not requiring any action on the part of the Agency. The original fare paid, fare brand, and all other ticket conditions remain unchanged.**
 - o All bookings confirmed in W,S,K and not ticketed by January 19, 2026 will be automatically cancelled due to lack of ticketing.**
- 4. Seating –** The first three rows of the A321LR and A330 will be part of the new premium cabin, therefore passenger in Economy tickets currently seated in these rows will be automatically reaccommodated to other Economy seats with similar characteristics.

The new premium cabin is the right choice for those travelers looking for more benefits and flexibility.
