

Dear Trade Partner,  
World's Safest Full-Service Airline

Airline Ratings has named Etihad the World's Safest Full-Service Airline for 2026, marking the first time a Gulf carrier has claimed the top position. The recognition reflects ongoing focus on safety, crew training, and operational standards across our network.

Safety remains our first priority as we continue to grow. After carrying 20 million passengers in 2025, we remain committed to maintaining the highest standards while connecting Abu Dhabi to the world.

Thank you for your continued support and cooperation.

Kind regards,  
**Etihad Airways**
