Our lie-flat seat, designed for your well-being

Settle into a seat created with your comfort in mind. Housed in an elegant fixed shell, **our lie-flat seat reclines fully into a perfectly flat bed**, measuring **192 cm (75.6 in) long and 50 cm (19.7 in) wide**.

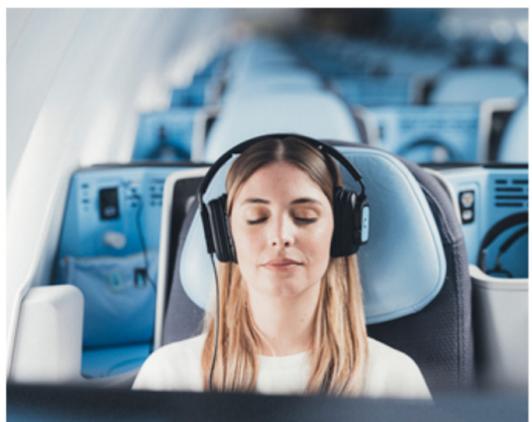

A **thick, plush mattress topper** gently envelops you, delivering immediate comfort - ideal for unwinding, resting, and truly enjoying your flight.

- ✓ Generous space to stretch out, breathe and relax
- ✓ Full recline for truly restorative rest
- ✓ Thoughtfully chosen materials -soft but supportive- picked for comfort, not just appearance

LEARN MORE

More than a seat, an experience

Whether you're flying for work or for the joy of it, this is your corner. A quiet, personal space from the moment you board to the moment you (reluctantly) leave.

On board, everything is designed to create a space that is both **functional and soothing**. An **adjustable reading light**, **dedicated storage** for personal items and electronic devices, a **power outlet**, **USB port**, **noise-canceling headphones**, and a **document pocket** allow you to read or work comfortably, at your own pace.

When it's time to relax, enjoy **hypoallergenic pillows**, a **large, soft blanket**, and a **travel kit featuring carefully selected hydrating skincare products**. Throughout the flight, a **15.6-inch personal screen**, seamlessly integrated into your seat, delivers an immersive and personalized entertainment experience.

The La Compagnie signature

For us, a great flight comes down to a few things: how well you sleep, room to move, and how you feel when you step off the plane. We think you'll feel the difference.
