

Fly Better to Tokyo with Emirates

Dear Trade Partner,

Emirates is expanding its Japan network with the introduction of a **second daily service to Tokyo Narita, launching May 1.**

The additional frequency offers customers greater flexibility, enhanced connectivity via Dubai, and more opportunities to build multi-destination itineraries with a Dubai stopover.

Fly Better to Tokyo

The new service will be operated by our retrofitted Boeing 777-300ER featuring Emirates four-class cabin experience, including Premium Economy, fully flat Business Class seats, and First Class Suites – delivering a consistent onboard product for customers travelling to and from Japan.

Travellers will also enjoy regionally inspired dining, including Japanese-influenced cuisine, along with Emirates award-winning ICE entertainment system featuring Japanese content.

Emirates continues to enhance its premium offering in Japan with Chauffeur-drive service (CDS) now available in Tokyo Narita and set to extend to Osaka from March 1. With daily services to Tokyo Narita, Tokyo Haneda, and Osaka, and further domestic connectivity through partnerships with Japan Airlines (JAL) and All Nippon Airways (ANA), exploring Japan with Emirates has never been easier.
