

Our NDC strategy and what's ahead

As we prepare for our mid-2026 launch, we're sharing an early look at our NDC strategy — the progress we've made so far, what it means for you and what you can expect as we move closer to go-live.

Our goal is to provide the clarity you need to make informed decisions for your business, while delivering tools and capabilities that help create value. We'll continue to share additional details on our strategy as our journey progresses.
