### Stars On Your Plate

In March, the journey tastes as good as the destination. Chef David Toutain has designed a spring-forward menu for your pleasure.

Start with salmon gravlax brightened with citrus and baby spinach. Then choose from cod with green zucchini ribbons, coriander & toasted pine nuts, or chicken with rigatoni in olive cream and tarragon. All served with our curated wine list, plus a selection of upscale non-alcoholic pairings, thoughtful, refreshing, and every bit as celebratory.

Arrive satisfied, in every sense.

### La Compagnie becomes the Official Airline of the French National Football Team

The French Football Federation (FFF) and La Compagnie are pleased to announce the signing of a partnership appointing our airline as the Official Airline of the French National Football Team through July 31, 2026.

According to our President and CEO Christian Vernet:

"It is a great honor for La Compagnie to be chosen to transport our national team. As a French airline, we are particularly proud to provide our champions with the excellence of our unique product: a 100% Business Class cabin that guarantees the comfort, serenity, hospitality and level of quality that this team deserves."

We look forward to flying alongside them and contributing, in our own way, to their future successes.
