

Dear Valued Travel Partners,

We are pleased to inform you that Ethiopian Airlines will resume passenger flight service to Atlanta effective May 21, 2026. The service will operate three times weekly, enabling passengers from Atlanta to conveniently connect through our hub in Addis Ababa to over 140 destinations worldwide across our extensive global network.

As Africa's world-class airline, we proudly operate an ultra-modern, state-of-the-art fleet featuring the advanced Boeing 787 Dreamliner and the latest Airbus A350-900 and Airbus A350-1000 aircraft. Combined with our award-winning world-class service, we continue to deliver a travel experience defined by comfort, reliability, and the renowned warmth of Ethiopian hospitality.

Through our hub at Addis Ababa Bole International Airport, we remain a preferred aviation gateway connecting North America with Africa and beyond, offering seamless and efficient onward connections for both business and leisure travelers.

We kindly encourage all travel agencies, General Sales Agents, and trade partners to actively promote this resumed service and leverage the exceptional connectivity Ethiopian Airlines provides.

Thank You
