VAPING DETECTED

HALO SMART SENSOR

Real time monitoring without video or audio

- Detect vape
- Identify safety & health concerns

HALO 3C-PC

HALO-3C

Amplify iPanic

HALO SMART SENSOR

OUR ALL-IN-ONE HEALTH, SAFETY AND VAPE DEVICE

ABOUT

HALO Smart Sensor is the industry leader in addressing safety and security concerns with vape and THC detection, air quality monitoring, motion detection, dwell time tracking and more. Designed with privacy in mind, HALO provides an added layer of security in areas where video monitoring is not appropriate.

HALO-3C-PC expands on these capabilities with people counting technology, helping organizations better understand occupancy, traffic patterns, and space utilization.

Amplify's Panic Button is a discreet, easy-to-use personal safety device that staff can carry on a lanyard or in their pocket, allowing them to quickly call for assistance when needed.

CURVE ECOSYSTEM

Improve safety, service and efficiency

- Push of a button connects customers to staff
- Potential for data analytics to optimize operations

Curve Radio

Digital Hub

CB Wi-Fi Call Button

CURVE ECOSYSTEM

ENHANCE PRODUCTIVITY

ABOUT

The Curve Ecosystem is a combination of technologies that work together for the customer experience. The Digital Hub and WiFi Call Buttons connect customers directly to staff; the Curve Digital Hub connects your call buttons to your Curve, DLR and DTR radios. With data analytics, this ecosystem is a tool for efficient operational workflows and real-time loss prevention.
