

The image shows several Nordlux outdoor lighting fixtures on a set of concrete steps. There are four tall, dark brown, square-shaped bollard lights with a perforated upper section that glows with a warm orange light. One of these bollards is lying horizontally on a step in the background. The Nordlux logo is in the top right corner, and the text 'Outdoor novelties 2026' is in the bottom left corner.

Kyklop Ripple Maxi

- Beautiful, rippled surface
- Lights both up and down
- Parallel connection possible

Kyklop Ripple Maxi is a modern and elegant wall light designed by Danish design duo Says Who. Light is cast both upwards and downwards, creating an interesting lighting effect on the wall. Made from black metal with a beautiful rippled surface.

Nico Round Maxi

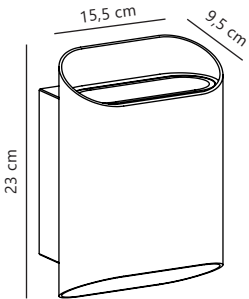

Nico Round Maxi has an elegant and modern design that casts the light both up and down, creating a beautiful light effect. The rounded and oblique silhouette fits most exterior designs with a classic or contemporary architecture.

Ellen To-Go

- Pleasant, downward-facing light
- Long battery life
- High lumen output with 3-step dimming
- Suitable for in- and outdoor use (IP44)
- Charging dock included
- Long LED lifespan (30,000 hours)

With references to minimalist and timeless Scandinavian design, Ellen fits beautifully into most surroundings. This portable “mini version” can be used both indoors and outdoors and can be dimmed in three steps to set the perfect mood. The battery can easily be charged by placing the lamp on the charging dock included.

Clarini Seaside

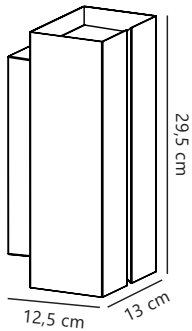

- Vertical light effect
- Lights both up and down
- Extra durable material suitable for coastal areas
(Designed For Seaside)
- 10-year guarantee on surface deterioration

Clarini is a wall light with a streamlined, geometric design. The light shines both up and down and through a narrow vertical opening, creating an elegant light effect. Its clean design makes it a perfect match for modern architecture. This product is part of our "Designed For Seaside" range, crafted with a unique surface treatment and paint to withstand even the harshest coastal weather conditions.

Designed For Seaside

Nature is beautiful - but it can also be rough. Crashing waves, wind, salt and especially sand can be a challenge for your home and your outdoor lighting.

For Nordlux, this beautiful but harsh nature and weather is part of everyday life. We therefore strive to produce lamps created from natural materials which are also resistant and durable, year after year, in relentless weather and nature.

Nordlux offers a **15-year guarantee** on all outdoor lamps in galvanized steel, corten, copper and brass. This guarantee applies to extensive corrosion in the form of holes in the metal caused by rust.

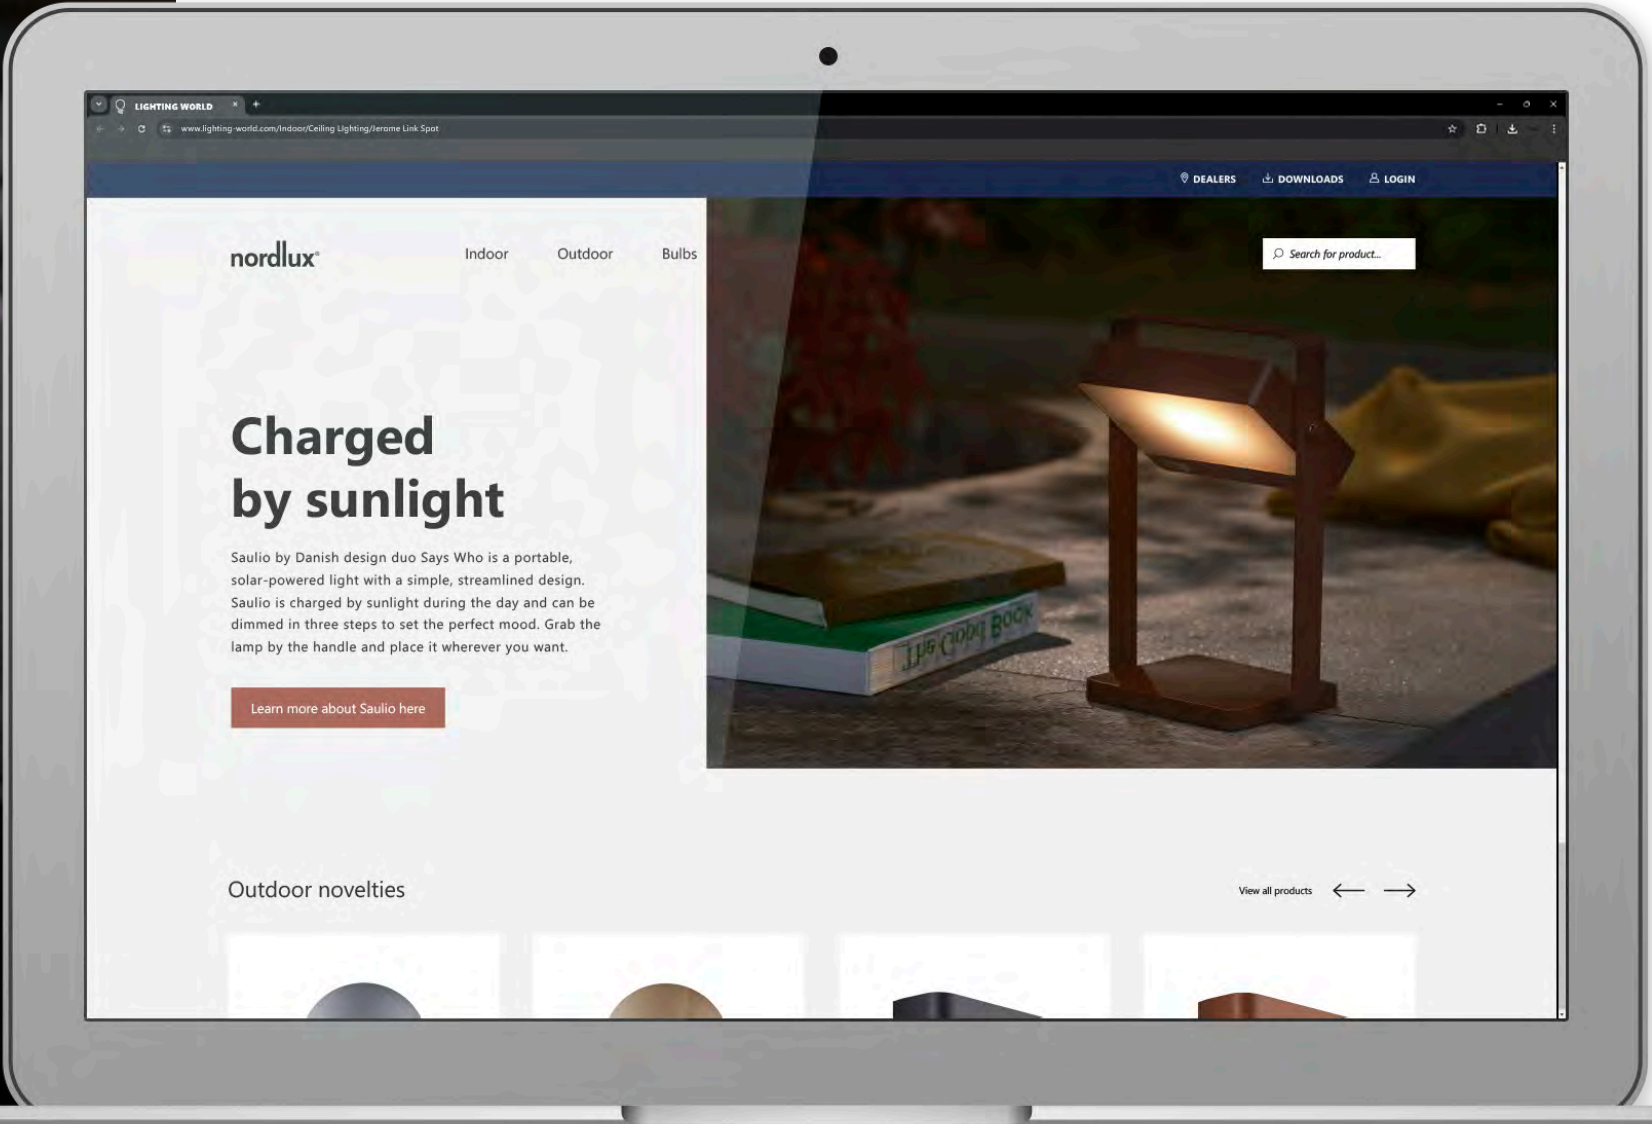

We are also proud to offer an extensive range of painted outdoor lighting in our unique "Designed for Seaside" coating, which has an unprecedented **10-year guarantee** on surface deterioration.

Content package
