ARF Financial's unsecured bank loans and lines of credit are better for your business than a Merchant Cash Advance. Our Business Loans with larger loan amounts and fixed payments allows you to keep the additional profit generated from your investment and hard work.

Why Our Unsecured Business Loan Works

Why a Merchant Cash Advance Doesn't Work

With a Merchant Cash Advance, the more successful you become and the more revenue you generate, the faster the cash advance provider gets paid. This escalates the effective rate you are paying, often to astronomical heights.
