

Pro cleaning tips

How to clean your bathroom shower door-grout and hardwood floors.

To clean your bathroom shower door, spray it with a mixture of baking soda and vinegar and let it sit for 15 minutes. Re-wet the door and scrub with a zero steel wool pad and rinse.

For grout and other areas of the shower. Make a paste of baking soda and vinegar, apply it, and let it set for 15 minutes. Re-wet, hand scrub, and rinse.

For cleaning hardwood floors. Add ¼ cup of cleaning vinegar to very hot water with a dash of Dawn dish soap. On a moist, spun mop, clean and let dry.
